KULTUR RUHR GmbH

Critical and reflective thinking is an integral part of artistic practices and can provide a productive impetus for developing or opening up new approaches to one's own work. PACT's activities place a special focus on interlinking different disciplines and forms of knowledge in both practice and theory. Since 2010, our residency format ›Choreographic Dialogues‹ promotes interdisciplinary encounters between performers and choreographers from NRW and (inter-)national visiting dialogue partners from the arts or other fields of expertise. The selected participants are free to collaborate with a dialogue partner of their choice and to structure the concentrated two week residency period as they choose.

Previous dialogue partners include Andros ZinsBrowne, Tine Van Aerschot, Michiel Vandevelde, Oblivia and Dragana Bulut.

A RESIDENCY IN THE FRAME OF ›CHOREOGRAPHIC DIALOGUES‹ CAN INCORPORATE THE FOLLOWING:

- Studio space
- engagement of one artistic dialogue partner (2–5 working days)
- Local accommodation
- Weekly grant allowance
- Travel costs covering one journey to and from PACT Zollverein
- Technical equipment (subject to availability)

A residency project will not have a public showing.
