Die Beauftragte der Bundesregierung
für Kultur und Medien

Spot on Governance focuses on social regulations as a condition and interface of political and sustainable visions of the future.

When it comes to access to resources and representation, or forms of self-organization, data sovereignty, collaboration, monopolization, and participation, a realignment of structures, processes, and practices is required everywhere.

From 04.–17. December 2023, 1/2/8 invites contributors to locate to PACT's studios, foyer, and stages to create a temporary »research community« based on the interaction of different fields of knowledge.

We invite multiple teams/working constellations to initiate new projects or continue their ongoing ones and to share and further develop their ideas, practices, questions, and designs transdisciplinarily with other academics, artists, practitioners, and activists.

At *Spot on Governance*, we warmly welcome research projects from all areas of the sciences, knowledge domains and origins, the arts and cultural work, activism, social work, care practices, journalism, and technology

A 1/2/8 RESIDENCY INCORPORATES THE FOLLOWING:

- Studio space (from 69 to 173 sq. m.)
- Local accommodation
- Weekly grant allowance of 500 € for all of the 1/2/8 residency project participants (max. 4 people per group)
- Travel costs (subject to prior agreement)*
- Joint encounters, talks and presentations (at short notice and subject to agreement)

* Principally, everyone involved should opt for the most environmentally friendly mode of transportation available.

HOW TO APPLY

Applications can be submitted online only. To access the online application form please go to www.pact-zollverein.de/en/128.

CLOSING DATE FOR APPLICATIONS: 28. SEPTEMBER 2023

All complete applications received by this date will be considered and applicants can expect to receive a response by early October 2023.

INPUTS

The research residency comprises work and research phases, various exchange formats, and studio visits. It is also framed by a public program featuring lectures, workshops, and artistic interventions..
